WESTERN KENTUCKY GAS COMPANY

DEFENDANT

) CASE NO. 94-079

O R D E R

The Commission received letters between February 7, 1994 and February 24, 1994, attached as Appendices A through F, from six transportation customers served by Western Kentucky Gas Company ("Western"). The letters are very similar in content and allege that Western has denied access to its distribution facilities for transporting customer owned gas. Each of these customers has requested the Commission investigate this refusal to allow open access privileges on Western's distribution system.

Commission regulation 807 KAR 5:001, Section 12, attached as Appendix G, prescribes rules for the filing of formal complaints before the Commission. None of the customer letters meet the requirements of the regulation as to form or content. Accordingly, each of the customers should have 20 days from the date of this Order to supplement their initial letters with information conforming to the regulation.

IT IS THEREFORE ORDERED that each of the six customers shall within 20 days of the date of this Order supplement their original letters with information conforming to the requirements of 807 KAR 5:001, Section 12.

Done at Frankfort, Kentucky, this 25th day of February, 1994.

Dear Mr. Mills:

We have been notified by Western Kentucky Gas that we will be denied access to their distribution system for the purpose of transporting our gas requirements purchased by our company from a supplier of our choice.

This action taken by Western Kentucky Gas once again demonstrates the disadvantage private enterprise has against the utility regulatory community in Kentucky.

Please accept this letter as our official request to the Public Service Commission to take whatever measures it deems necessary to reverse the action taken by Western Kentucky Gas in denying our company "open-access" privileges on their distribution system.

Dear Mr. Mills:

We have been notified by Western Kentucky Gas Company that we are denied gas transportation access to their system effective February 1, 1994.

We object to such action to the extent that it denies us potential economic benefit and, just as importantly, our right to choose our gas supply source.

We hereby request that the Commission take whatever action necessary to cause Western Kentucky Gas Company to allow our company access to their distribution system for the purpose of transporting our gas requirements.

Dear Mr. Mills:

Please accept this letter as our formal complaint against Western Kentucky Gas Company in their decision to deny our company access to their distribution system for the purpose of transporting our natural gas requirements. International Paper owns and operates facilities in Bowling Green, Hopkinsville, and more recently the former Monsanto Plant in Glasgow.

"Open-Access" has allowed us certain economic benefits and freedom of choice of natural gas supply for several years and we ask the commission to intervene to reverse Western Kentucky Gas Company's recent decision to deny by company access to their distribution system for gas transportation purpose.

be done, of which complaint is made, with a reference, where practicable, to the law, order, or section, and subsections, of which a violation is claimed, and such other matters, or facts, if any, as may be necessary to acquaint the commission fully with the details of the alleged violation. The complainant shall set forth definitely the exact relief which is desired (see Section 15(1) of this regulation).

(2) Signature. The complaint shall be signed by the complainant or his attorney, if any, and if signed by such attorney, shall show his post office address. Complaints by corporations or associations, or any other organization having the right to file a complaint, must be signed by its attorney and show his post office address. No oral or unsigned complaints will be entertained or acted upon by the commission.

(3) Number of copies required. At the time the complainant files his original complaint, he must also file copies thereof equal in number to ten (10) more than the number of persons or corporations to be served.

(4) Procedure on filing of complaint.

(a) Upon the filing of such complaint, the commission will immediately examine the same to ascertain whether it establishes a prima facie case and conforms to this regulation. If the commission is of the opinion that the complaint does not establish a prima facie case or does not conform to this regulation, it will notify the complainant or his attorney to that effect, and opportunity may be given to amend the complaint within a specified time. If the complaint is not so amended within such time or such extension thereof as the commission, for good cause shown, may grant, it will be dismissed.

(b) If the commission is of the opinion that such complaint, either as originally filed or as amended, does establish a prima facie case and conforms to this regulation, the commission will serve an order upon such corporations or persons complained of under the hand of its secretary and attested by its seal, accompanied by a copy of said complaint, directed to such corporation or person and requiring that the matter complained of be satisfied, or that the complaint be answered in writing within ten (10) days from the date of service of such order, provided that the commission may, in particular cases, require the answer to be filed within a shorter time.

(5) Satisfaction of the complaint. If the defendant desires to satisfy the complaint, he

shall submit to the commission, within the time allowed for satisfaction or answer, a statement of the relief which he is willing to give. Upon the acceptance of this offer by the complainant and the approval of the commission, no further proceedings need be taken.

(6) Answer to complaint. If satisfaction be not made as aforesaid, the corporation or person complained of must file an answer to the complaint, with certificate of service on other parties endorsed thereon, within the time specified in the order or such extension thereof as the commission, for good cause shown, may grant. The answer must contain a specific denial of such material allegations of the complaint as controverted by the defendant and also a statement of any new matter constituting a defense. If the answering party has no information or belief upon the subject sufficient to enable him to answer an allegation of the complaint, he may so state in his answer and place his denial upon that ground (see Section 15(2) of this regulation).

Section 13. Informal Complaints. (1) Informal complaints must be made in writing. Matters thus presented are, if their nature warrants, taken up by correspondence with the utility complained against in an endeavor to bring about satisfaction of the complaint without formal hearing.

(2) No form of informal complaint is prescribed, but in substance it must contain the essential elements of a complaint, including the name and address of complainant, the correct name and post office address of the utility against whom complaint is made, a clear and concise statement of the facts involved, and the relief requested.

(3) In the event of failure to bring about satisfaction of the complaint because of the inability of the parties to agree as to the facts involved, or from other causes, the proceeding is held to be without prejudice to the complainant's right to file and prosecute a formal complaint whereupon the informal proceedings will be discontinued.

Section 14. Deviations from Rules. In special cases, for good cause shown, the commission may permit deviations from these rules.

Section 15. Forms. (1) In all practice before the commission the following forms shall be followed insofar as practicable:

- (a) Formal complaint.
- (b) Answer.
- (c) Application.
- (d) Notice of adjustment of rates.
- (2) Forms of formal complaint.
